ESL 33 ↓ 45.9% **Med Residents <5**

TOP FIVE COUNTRIES

	Undergraduate		Graduate Students			
China	321	23%	1	Iran	233	18%
India	269	19%	2	China	179	13%
Nigeria	220	15%	3	India	146	11%
Bangladesh	93	7%	4	Nigeria	114	9%
Vietnam	63	4%	5	Bangladesh	84	6%

Total Enrolment

Description A headcount metric that measures the distinct number of students registered in at least one class in the fall term on census day. The percentage shown measures the change of enrolment from the previous year to current year.

Purpose To inform on the levels and trends of enrolment on fall census day.

Fall Census Day Five weeks after the first day of fall term classes when student headcount peaks.

Enrolment By College/School

Description Headcount broken out by colleges and schools for undergraduate and graduate students. The percentage measures the change of enrolment from the previous year to current year.

Purpose To inform on enrolment headcounts and trends for colleges and schools.

Retention

Description First to second year retentions measures the percentage of first time, full time, direct entry undergraduates who were enrolled on fall census day in the previous year and are still enrolled on this fall census day.

Purpose This metric measures the success of the university in retaining students from one academic year to the next.

New Students

Description New students include first time students, transfers from other posted secondary institutions and graduate students who recently completed an undergraduate degree at the UoFS.

Purpose New student enrolment is a leading indicator of future total enrolment as well as a metric of sustainability.

Student Origin

Description Student origin shows the percentage of students who came from Saskatchewan, other Canadian provinces or international countries based on students high school, post-secondary or admission addresses.

Purpose To inform on the diversity of the student population based on origin

SK Rural The percentage of students from rural Saskatchewan determined by their initial address postal code.

USask Programming during COVID-19

Description A headcount metric that measures the percentage of students whose learning is fully online and the percentage of students who have at least one in-person component to their learning.

Purpose To inform on programming delivery during COVID-19.

Teaching Activity

Description Teaching activity measures the number of students in classes in the fall term. Students who withdraw from class after the last day to drop are included in the count. The percentage shown measures the change of teaching activity from the previous year to the current year fall term.

Purpose To inform on teaching activity trends as an indicator of sustainability.

Indigenous Students

Description Domestic students who self-declare as belonging to a recognized group of Indigenous people of Canada: First Nations, Metis and Inuit. The first pie charts shows the percentage of Indigenous students as compared to total student population. The second pie chart breaks out Indigenous enrolment by First Nations, Metis and Inuit. The other percentages measure the change of enrolment from the previous year to current year.

Purpose To inform on the enrolment trends of Indigenous students and the diversity of the student population.

International Students

Description International students are students who are not Canadian citizens, permanent residents or refugees such as students on a visa, inbound international exchange and visiting international research students. The pie charts show the percentage of international students out of total students. The other percentages measure the change of enrolment from previous year to current year.

Purpose To inform on the enrolment trends of international students and the diversity of the student population.

ESL English as a Second Language students did not meet the minimum language admission requirements and are enrolled in full time programs to meet these requirements.

Top Five Countries

Description A list of nations having the highest undergraduate and graduate international student enrolment as determined by the students citizenship. The percentage shown measures the number of students from a particular nation as compared to the total number of international students.

Purpose To inform on the diversity of the international student population.
