

ACADEMIC & STUDENT LIFE TECHNOLOGY COMMITTEE

TERMS OF REFERENCE

As a subcommittee of the Information Systems Steering Committee (ISSC), the Academic and Student Life Technology Committee (ASLTC) provides direction to the vision, strategy, policies, and initiatives that promote, encourage and strengthen the innovative and strategic use of teaching, learning and student experience processes and academic technologies as well as enable the achievement of the university, college and support unit strategic plans.

RESPONSIBILITIES

- Provide ongoing guidance related to the:
 - emerging needs for technology support of teaching and learning processes
 - prioritization of technology systems and infrastructure initiatives within the technology plan's commitments to enhance the student experience and empower creative learning
 - identification of gaps in technology services and systems provided to university instructors and their students while teaching and learning on the university's global campus
- Champion change by actively engaging and communicating with their unit, department and/or college regarding the progress and benefits the technology plan's strategic initiatives will have on the university community's work.
