**This report includes expenses incurred for the president's business travel and does not include special event expenses**

\* Includes mileage, airfare, taxis, car rental and hotel parking as per Board of Governors' approved policies and rates.

\*\* Includes per diem travel allowance and meals hosted by the president (e.g. dinners with donors/alumni)

\*\*\* Includes non-hotel parking fees and sundries

\*\*\*\* Although captured as travel, the President's trip to Israel was funded through his DSAE, not the President's Office travel budget.

\*\*\*\*\* The date chosen for the alumni reception in Palm Springs was not within the university's control. Due to this, hotel costs were extremely high.

President Stoicheff has personally paid a portion of each night's stay to bring this cost down.
